

Merriment of New Year to our Residents on Golden Hill

As the New Year comes and the old one winds down
To happiness, kindness, and love all around,
Follow your New Year's plans to & you'll be just fine
With the right attitude you surely will shine.
Life is something, with which we all must share,
Like the sun and the wind and sea and the air
So let give big thanks to Abbie's kind acts,
Because none could do better and that is a fact.
We also give thanks to Esteban and Joe
They are the reason your home is a food and a delay.
The great gifts of Greg, Juan, and Ted
Without all of which we soon would be mad.
Paul being a safety and Sparty gives a light,
And Hack comes a wake and a dog work right.
Debbie and by keep the office in operation,
And Amy, like the treasure of the Golden Hill nation.
Give thanks to Bartolo, who's in charge of Hall,
Making our Golden Hill stand and never will fall.
But most of all, thank you, thank YOU,
For being the best tenant, and neighbor too.
Recalling the happy times & how they sure can be done,
As the fresh and bright new year begins
We reflect upon who really counts,
365 days may seem quite a few,
But just think of all that it all ways you to do!

HAPPY NEW YEAR!
