

## Merriment of New Year to our Residents on Golden Hill

As the New Year comes and the old one winds down  
To happiness, kindness, and love all around,  
Follow your New Year's passions & you'll be just fine  
With the right attitude you surely will shine.  
Life is something, with which we all must share,  
Like the sun and the wind and sea and the air:  
So let's give big thanks to Alesia's kind acts,  
Because none could do better and that is a fact.  
We also give thanks to Esteban and Jose  
They are the reason your homes are fixed sans delay.  
The great gifts of Greg, Juan, and Tad  
Without all of which we soon would be mad.  
Raul brings us safety and Sparky gives light,  
And Hack ensures washers and dryers work right.  
Debbie and Ivy keep the office in operation,  
And Amy, like the treasurer of the Golden Hill nation.  
Give thanks to Bartolo, who's in charge of it all,  
Making sure Golden Hill stands and never will fall.  
But most of all, thank you, thank YOU,  
For being the best tenant, and neighbor, too.  
Recalling the happy times & how they've enriched lives,  
As the fresh and bright new year arrives.  
We reflect upon who really counts,  
365 days may seem quite a few,  
But just think of all that it allows you to do!

**HAPPY NEW YEAR!**
